More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are \$448.66.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were \$15.97 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: \$0.86 for voice, \$0.18 for messaging, \$14.93 for data, and \$0.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

Effective January 11, 2023, the definition of the Administrative Charge will be modified to help defray and recover certain direct and indirect costs we or our agents incur, including: (a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability, and wireless tower mandate costs; (b) property taxes; and (c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.

Please note that this surcharge is a Verizon Wireless charge, not a tax or government-imposed fee. This charge, and what's included, is subject to change from time to time.

Economic Adjustment Charge

Our number one priority is to provide exceptional service to your business and consistently deliver the quality Business.

Just as you are seeing in your business, Verizon Business is seeing a wide range of increases in its costs to provide service. As these challenges have continued to mount, we have made the decision to add an Economic Adjustment Charge.

On June 8, 2023, Verizon Business began adding the charge to new LTE Business Internet and 5G Business Internet lines. And starting in August 2023, the charge will apply to existing LTE Business Internet and 5G Business Internet lines where the applicable price guarantee has already ended and thereafter on a rolling basis as your applicable price guarantee ends. The amount of the charge is \$2.98 or \$3.97 per month, for each qualifying LTE or 5G Business Internet line.

On June 16, 2022, Verizon Business began adding the charge to newly activated and upgraded lines, existing lines that have completed a contract-based line term, and lines that have twelve (12) months or fewer remaining on a Device Payment Plan Agreement. The amount of the charge is \$2.98 or \$3.97 per month/line for each smartphone and data device, and \$0.98 per month/line for each basic phone and tablet device.

As lines meet these criteria, the charge will be automatically added to your bill. You can find the Economic Adjustment Charge in the Other Charges & Credits section of your bill.
